

Empower Your Employees To Create a Happy, Healthy Future

HealthSavings: Investopedia’s “Best Overall HSA” of 2021

With a 17-year track record serving growing companies, *HealthSavings* has the expertise to support a successful health savings account (HSA) implementation for you and your employees. Using our award-winning education and communication, we’ll develop a game plan and implement it from beginning to end. The result? **Happier employees and increased HSA adoption** supported by our industry-leading service and support.

White-glove account management

- Direct support in person or virtually through webinars, online meetings and emailable materials
- Access to comprehensive reports on participation, engagement, account balances and more
- Better onboarding/open enrollment support saves you time and money, as well as boosts employee HSA adoption

Industry-leading customer service

- We provide 90+% account holder satisfaction, even at the busiest times of the year
- 92% first call, same-day call resolution and 95% of calls answered within 30 seconds
- Your employees receive speedy, friendly service, resulting in fewer HSA questions to you and happier, better educated employees

Superior employee education

- We take the burden off employers when it comes to HSA education
- Personalized communication based on account holders’ needs and goals
- Award-winning HSA education with comprehensive suite of educational resources
