HealthSavings Administrators Announces Integration with Employee Navigator

Brokers are now able to easily manage clients' HealthSavings HSAs alongside the rest of their health benefits.

Richmond, VA – April 8 – [HealthSavings Administrators](#), a leading health savings account (HSA) provider, today announced an integration with Employee Navigator, a prominent benefits administration solution for brokers. The integration allows brokers to seamlessly view and manage clients' *HealthSavings* HSAs in the same intuitive platform as the rest of their health benefits suite.

“As our HSA business continues to expand nationwide, we are thrilled to be partnering with a proven benefits administration platform like Employee Navigator,” noted Chris Lambert, Vice President of Information Technology of *HealthSavings*. “In keeping with our commitment to creating the industry’s easiest HSA administration experience, our integration enables brokers to manage clients’ *HealthSavings* HSAs as part of Employee Navigator’s simple, one-stop-shop experience.”

In addition to the numerous benefits afforded to brokers, the *HealthSavings* integration allows employers to effortlessly manage employee HSA enrollment within the Employee Navigator platform. Additionally, employees can quickly choose a *HealthSavings* HSA in Employee Navigator as part of their health benefits selection process during open enrollment.

“Employee Navigator is a robust platform for administering an organization’s health benefits, and I applaud this integration by *HealthSavings*,” said Chris Leahy, Partner & Client Executive at [Leahy Consulting Services \(LCS\)](#). “These integrations improve both accuracy and timing for delivering critical data, giving LCS and our clients peace of mind and more time for other tasks.”
